DISCUSSION OF REVISED AODA RULES

The Board reviewed the latest language on SFC 1.09 Alcohol and drug counseling.

Linda Schwallie discussed the letter she had faxed to Secretary Oscar Herrera. She had not received a response from her letter. Deputy Secretary Greg Horstman and Bill Dusso, General Counsel, plan to meet with the Board members later today at the Joint Board meeting.

John Schweitzer, Legal Counsel, discussed the relationship the Department has with the Wisconsin Certification Board (WCB). It was his understanding at one time, that the DHFS wanted the department to explore the possibility to handle the AODA Certification. John had also spoken with DHFS briefly on how the department could get resources and funds, should the

department take over the AODA certification. The department has requested dollars in next year's budget pertaining to the AODA rule.

The Section discussed AODA as a specialty practice. Specialty is identified when additional training criteria has been satisfied; such as education, training and experience.

ADDITIONAL LANGUAGE REGARDING CE REQUIREMENT AND ANY OTHER LANGUAGE RELATED TO ACT 80

The following CE requirement will be included in each of the sections' rules, SCF 8.02 (1) (d), SFC 14.03 (2) and SFC 19.01 (2):

A credential holder who treats alcohol or substance dependency or abuse as a specialty must complete at least 10 of the required 30 continuing education hours in alcohol or substance dependency or abuse education, and will be granted credit against the required 30 hours for no more than 18 hours in alcohol or substance dependency or abuse education.

OTHER BOARD BUSINESS

Robert Daugherty, WAMFT, joined the Section in discussion of specialties. They discussed when referrals are necessary and how scope of training needs to be identified by specific education and training received. Robert Daugherty said that due to the time constraints of the Act 80 Hearing, the WAMFT would not be able to give their input.

The Section wants to ensure that the public is aware of the WCB's stand of Act 80; what the WCB does, how they work, what they are accountable for, what it means to practice and what that means to the public. The Section would like to disseminate this information to the public in any way possible.

John Schweitzer led the discussion of whether the AODA and Psychometric testing can be split up so the Section and Department can be sure that at least one gets through the Legislature.

The Section asked if the two parts of the Bill can be separated. John Schweitzer advised the Section that the Committee must object in part. If the Assembly Committee objects to part of the AODA rule, the rest of the Bill can go through.

The Section reviewed the revised application form for the Training Certificate. The new forms need to be available by November 1st. A new Supervisory form is also required to show the required 3000 hours and an affidavit from the supervisor. Julie Reimanm will provide John Schweitzer with a Professional Counselor form to use as an example.
